

Important Traffic/Parking Directions for YCP First Day

YCP Families,

For the First Day of School on Wednesday, August 15, we will have a different drop off procedure so that all of the students and you can participate in the opening day celebration. Please read for important information about drop off and parking:

Bus Riders

Bus Routes will run as planned. Please make sure your student is at their designated spot at least 10 minutes before the assigned pick-up. Please be patient and flexible with us, as times will vary due to traffic and other conditions during the first few weeks of school.

Parent Drop Off and NOT Staying for Celebration

If you are dropping off and NOT staying for the opening celebration, we will be making Sauer a one-way street and you will be directed to drop off your student in front of the gym building. You will not be able to walk into the gym or leave your car unattended along Sauer.

Parent Drop Off to Stay for Celebration

We hope you will join us for the celebration! To join us, park in one of the three designated areas or find other street parking. Drop your student off at the gym, and then walk into the building where you will be directed to the second floor. The three designated parking areas are:

- On Trulley Street, parallel to the campus
- In the church lot at the corner of Sauer and Trulley
- Along Delano street (which is the block adjacent to the gym building)
