2023–24 Texas Academic Performance Report

December 2024

These guidelines intend to help districts fulfill their legal responsibilities regarding the annual report of their educational performance and the Texas Academic Performance Report (TAPR). Please read these guidelines carefully.

As of December 2024, the TAPR does not include A–F ratings or Distinction Designations. *The issuance of the A–F ratings under 2024 rule is pending and subject to change.*

These guidelines are not a substitute for districts’ knowledge and full understanding of the Texas Education Code (TEC), §39.306 and §39.362, or 19 Texas Administrative Code (TAC), §61.1022. TEC, §39.306 requires each district’s board of trustees to publish an annual report that includes the PDF TAPR as well as the information summarized below under “Annual Report”.

Statute, TEC §39.306, requires that each district’s board of trustees hold a public hearing to discuss the district’s annual report. Commissioner rule, TAC §61.1022, indicates this hearing for public discussion of the Texas Academic Performance Report must be held within 90 calendar days of receiving the PDF TAPR. Winter breaks do not count toward the 90 days. Within two weeks following the public meeting, each district must widely publish its annual report, in the same format as it was received from TEA.

1. **Annual Report** The PDF TAPR comprises the main part of the district’s annual report, and it must be published in the same format as provided by TEA. Districts may promote the online reporting system as well, but the annual report must use the PDF TAPR.
 - a. According to TEC, §39.306, in addition to the PDF TAPR, a district’s annual report must include the campus performance objectives and the progress toward those objectives, information on violent or criminal incidents and prevention and intervention policies, findings that resulted from evaluations conducted under the Safe and Drug-Free Schools and Communities Act of 1994, information on the performance of the previous year’s graduates in their first year of college as reported by the Texas Higher Education Coordinating Board (THECB) and the progress of the district and each campus in the district toward meeting the goals set in the district’s early childhood literacy and mathematics proficiency plans adopted under TEC, §11.185; and college, career, and military readiness plans adopted under TEC, §11.186. Districts may include supplemental information, such as a narrative describing their schools; additional data, charts, and diagrams; or an explanation of the data prepared by TEA.
 - b. As of December 2024, the PDF TAPR does not include A–F ratings or Distinction Designations.

Districts are encouraged to provide a copy of the *TAPR Glossary*. The glossary provides definitions, describes methodologies, and lists sources for each data point in the TAPR. The Spanish version of the glossary is scheduled for release in early 2025. Other materials provided by TEA, such as these guidelines, are intended for district or campus use but may be shared with the public.

2. **PEIMS Financial Standard Reports (2022–23 Financial Actual Reports)** The financial section of the TAPR is provided by the State Funding Division. These reports can be accessed from a link on the last page of the TAPR or at <http://tea.texas.gov/financialstandardreports/>.

For more information on the financial reports, please contact the State Funding Division at (512) 463-9238.

3. **District Accreditation Status** *District accreditation statuses for the 2023-24 and 2024-25 school years have not been issued as the issuance of the A–F ratings under the 2023 and 2024 rules are pending and subject to change.* Each district’s annual report must instead include the 2022-23

2023–24 Texas Academic Performance Report

accreditation status. Information on accreditation status is available online at <http://tea.texas.gov/accredstatus/>.

4. **Campus Performance Objectives** TEC, §11.253, requires each campus to have an improvement plan with performance objectives and to measure progress toward meeting these objectives. Both the objectives of each campus and each campus' progress toward meeting those objectives must be included in the district's annual report.
5. **Special Education Determination Status** (*district PDF TAPR only*) The annual report must include the district's special education determination status. The special education integrated intervention stage/determination status for each district is on the cover page of the report.
6. **Report on Violent or Criminal Incidents** The annual report must include information about violent or criminal incidents that occur on each campus. Each district determines the format of its report but must include the following:
 - The number, rate, and type of violent or criminal incidents that occurred on each campus, to the extent permitted under the Family Educational Rights and Privacy Act
 - Descriptions of school violence prevention and violence intervention policies and procedures used to protect students
 - Findings from evaluations conducted under the Safe and Drug-Free Schools and Communities Act

For more information about the reporting of violent or criminal incidents during the Office of Civil Rights data collection, please visit <https://ocrdata.ed.gov/>.

7. **Student Performance in Postsecondary Institutions** TEC, §51.403(e), requires postsecondary institutions in Texas to report student performance during the first year of enrollment after high school graduation to the high school from which students graduated. Districts must include this information in the annual report.

The THECB publishes a report listing this information for each high school in Texas (sorted by county and district) on its [website](#). The first page explains the purpose of the report and data calculation methods. Please note THECB anticipates releasing an updated report mid-January 2025.

If data for a district are masked due to small numbers of students, that district should still publish its section of the report, showing the masked data, just as it would publish any data that are masked in the TAPR. Questions about accessing these reports should be directed to the THECB at (512) 427-6153.

8. **Progress Toward Meeting HB 3 Goals** TEC, §39.306(a)(8) states the Annual Report is to include the progress of the district and each campus in the district toward meeting the goals set in the district's:
 - (A) early childhood literacy and mathematics proficiency plans adopted under Section 11.185; and
 - (B) college, career, and military readiness plans adopted under Section 11.186.
9. **Public Hearings** Statute requires that districts hold a hearing for public discussion of the annual report within 90 calendar days of the date of the release of the PDF TAPR. Districts may combine the hearing with a regularly scheduled meeting of the local board of trustees. Districts must notify property owners, parents, and others in a parental relationship to students of the hearing. This notification, which can be in the form of a press release, must be made available to local print and

2023–24 Texas Academic Performance Report

electronic media (i.e., newspaper, radio, and television). It must clearly state the date, time, and place

- 10. Accessing the PDF TAPR** The TAPR is available on the TEA public website (<https://tea.texas.gov/perfreport/tapr/index.html>). The PDF TAPR is designed to allow for two-sided printing. Blank pages have been added after the cover page and where needed to ensure that each report is an even number of pages.
- 11. Publishing the Report** A district can upload its PDF TAPR to the district website or direct others to the TAPR on the TEA website. To accommodate those without internet access, a copy of the annual report should be made available in public places, such as school offices, local businesses, or public libraries. Districts may also distribute copies through email, standard mail, or by sending the reports home with students. *Each district is responsible for finding the most efficient method of making the annual reports widely available to the public.*
- 12. Requirement for Notice on District Website** TEC, §39.362, requires each district to post the most recent PDF TAPR on its website by the 10th instructional day of the school year. This responsibility is **separate** from widely releasing the annual report to the public. This means for the 2024-25 school year, the 2022-2023 TAPR was posted on District websites as it is the most recent.
- 13. Data Modification** By the time the TAPR is published, the window to correct inaccurate data submitted by a district has already closed. Districts must correct PEIMS data used in the TAPR per the procedures described in the *Texas Education Data Standards*. Districts must submit corrections for STAAR results, college admissions test data, Advanced Placement tests, or International Baccalaureate tests to the appropriate testing contractor. Districts are also afforded an opportunity to correct data associated with College, Career, and Military Readiness (CCMR) via the CCMR Verifier prior to finalization. A district may include in its annual report an explanation of any discrepancies between the TAPR and locally computed data.
- 14. Summary Report** In addition to publishing the complete PDF TAPR in its annual report, a district can develop and release a summarized report showing performance on key indicators. This summary must clearly indicate where and how to obtain a copy of the full report.
- 15. Common Questions** Districts are encouraged to make a copy of the *TAPR Glossary* available locally. The glossary provides definitions, describes methodologies, lists data sources, and answers many of the most commonly asked questions. Following are some of the most common causes of perceived inaccuracies in the TAPR or discrepancies between state and local data.
 - **Time Frame** The time of data collection varies from indicator to indicator. For example, test scores for the ACT and SAT may be from tests taken when graduating seniors were juniors, or even sophomores. The *TAPR Glossary* provides additional information on data sources.
 - **PDF and Online System Data Sources** The PDF TAPR compiles data sets at a specific point in time to create an annual statistic. Districts that maintain cumulative or dynamic sets of similar information, such as student enrollment, may show different results.
 - **The Accountability Subset** The PDF TAPR includes the 2023 and 2024 STAAR results of only those students enrolled in the campus or district as of the previous PEIMS October snapshot. See the *TAPR Glossary* for a more complete explanation of the accountability subset criteria.

2023–24 Texas Academic Performance Report

- **Masking** The TAPR applies masking rules to STAAR assessment results and other performance indicators when needed to comply with the federal Family Educational Rights and Privacy Act. For more information on masking rules and symbols, please see the explanation of masking on the TEA website at <https://rptsvr1.tea.texas.gov/perfreport/tapr/2024/masking.html>.

16. Recommended Meetings Beyond the requirement to widely publish the district annual report and PDF TAPR, a superintendent may encourage principals to meet with staff to discuss their campus report and, following public discussion, schedule presentations of the information at meetings of local parent-teacher organizations.

2023–24 Texas Academic Performance Report (TAPR) Glossary

Cover Page

Currently, the TAPR does not include scale scores, A–F ratings or Distinction Designations. The initial release does not include the District or Campus Accountability Reports. The issuance of the A–F ratings under 2024 rule is pending and subject to change.

2024 Armed Services Vocational Aptitude Battery (ASVAB) Test (Career Exploration) (*districts serving grades 10–12*): Senate Bill 1843 requires that each school year, each school district and open-enrollment charter school provide students in grades 10–12 the opportunity to take the ASVAB and consult with a military recruiter.

Performance

STAAR: A comprehensive testing program for public school students in grades 3–8 or high school courses with end-of-course (EOC) assessments. The STAAR program is designed to measure to what extent a student has learned, understood, and is able to apply the concepts and skills expected at each grade level or after completing each course for which an EOC assessment exists. Each STAAR assessment is linked directly to the Texas Essential Knowledge and Skills (TEKS). The TEKS are the state-mandated content standards that describe what a student should know and be able to do upon completion of a course. For more information on the TEKS, see the *Texas Essential Knowledge and Skills* website at <http://tea.texas.gov/curriculum/teks/>.

Other Important Information:

STAAR (with and without accommodations) and STAAR Alternate 2. The TAPR and the Texas Performance Reporting System (TPRS) include performance on STAAR and STAAR Alternate 2.

Spanish STAAR. All STAAR assessments in grades 3, 4, and 5 are available in both English and Spanish. The TAPR and the TPRS include performance on the Spanish STAAR.

Rounding of STAAR results. STAAR performance shown on the TAPR and TPRS is rounded to whole numbers. For example, 49.877% is rounded to 50%; 49.4999% is rounded to 49%; and 59.5% is rounded to 60%.

Masking. STAAR performance rates are masked when necessary to comply with FERPA. For more information, see the Explanation of Masking at <https://rptsvr1.tea.texas.gov/perfreport/tapr/2024/masking.html>.

STAAR Performance (2023–24)

The STAAR Performance section displays performance results by grade, subject and performance level for students in the accountability subset, which are students enrolled in the same district/campus on both the snapshot date (PEIMS October snapshot) and the testing date. The STAAR Performance–All Students section of the TPRS displays STAAR performance by grade, subject, and performance level and includes all students tested, regardless of whether they were in the accountability subset.

Progress (Annual Growth, Accelerated Learning and STAAR Progress Measure)

School Progress Domain—Annual Growth is the percentage of students that grew academically by at least one school year. For STAAR assessments (with or without accommodations), annual growth is measured by a transition table. Individual student growth is calculated as the change between Low Did Not Meet Grade Level, High Did Not Meet Grade Level, Low Approaches Grade Level, High Approaches Grade Level, Meets Grade Level, and Masters Grade Level performance from the prior year to the current year.

School Progress Domain—Accelerated Learning is the percentage of students who earned Did Not Meet Grade Level in the prior year and were accelerated to Approaches Grade Level or above in the current year.

The above measures were used to determine the Annual Growth and Accelerated Learning in the Bilingual Education/ESL report.

Bilingual Education/ESL

Bilingual Education (BE): Dual-language program that enables emergent bilingual (EB) students/English learners (ELs) to become proficient in listening, speaking, reading, and writing in the English language through the development of literacy and academic skills in the primary language and English. This category includes the following:

- *BE Trans Early Exit.* Bilingual program model in which students identified as EB students/ELs are served in both English and another language and are prepared to meet reclassification criteria to be successful in English-only instruction not earlier than two or later than five years after the student enrolls in school.
- *BE Trans Late Exit.* Bilingual program model in which students identified as EB students/ELs are served in both English and another language and are prepared to meet reclassification criteria to be successful in English-only instruction not earlier than six or later than seven years after the student enrolls in school.
- *BE Dual Two-Way.* Bilingual/biliteracy program model in which students identified as EB students/ELs are integrated with non-EB/non-EL students and are served in both English and another language and are prepared to meet reclassification criteria in order to be successful in English-only instruction not earlier than six or later than seven years after the student enrolls in school. This model provides ongoing instruction in literacy and academic content in English and another language with at least half of the instruction delivered in the non-English program language for the duration of the program.
- *BE Dual One-Way.* Bilingual/biliteracy program model in which students identified as EB students/ELs are served in both English and another language and are prepared to meet reclassification criteria in order to be successful in English-only instruction not earlier than six or later than seven years after the student enrolls in school. This model provides ongoing instruction in literacy and academic content in the students' primary language as well as English, with at least half of the instruction delivered in the students' primary language for the duration of the program.

2023–24 Texas Academic Performance Report (TAPR) Glossary

English as a Second Language (ESL): An English acquisition program that enables emergent bilingual (EB) students/English learners (ELs) to become proficient in listening, speaking, reading, and writing in the English language through the integrated use of second language acquisition methods. This category includes the following:

- *ESL Content-Based.* An English acquisition program that serves students identified as EB students/ELs through English instruction by a teacher appropriately certified in ESL under TEC, §29.061(c), through English language arts and reading, mathematics, science, and social studies.
- *ESL Pull-Out.* An English program that serves students identified as EB students/ELs through English instruction provided by an appropriately certified ESL teacher under the TEC, §29.061(c), through English language arts and reading. Instruction shall be provided by the ESL teacher in a pull-out or inclusionary delivery model.

Alternative Language Program (ALP): An alternative language program provided to emergent bilingual (EB) students/English learners (ELs) for whom the local education agency (LEA) does not have the appropriately certified teachers for the required bilingual education or English as a second language (ESL) program for the current school year. This category includes the following:

- *ALP Bilingual (Exception).* An alternative language program to the required bilingual education (BE) program approved by the TEA for the current school year due to the LEA’s submission of a bilingual education exception application.
- *ALP ESL (Waiver).* An alternative language program to the required English as a second language (ESL) program approved by the TEA for the current school year due to the LEA’s submission of an ESL waiver application.

Emergent Bilingual (EB) Students/English Learner (EL): The count and percentage of students whose primary language is other than English and who are in the process of acquiring English. As a result of the 87th Texas Legislature, the term “emergent bilingual student” replaced the term of “limited English proficient (LEP) student” used in the Texas Education Code (TEC), Chapter 29, Subchapter B, and thus, will be changing the term of “English learner (EL)” used in 19 TAC Chapter 89, Subchapter BB. These terms describe the same group of Texas students. In the revised Texas Education Data Standards (TEDS), the terms of “emergent bilingual” and “English learner” have been bridged as EB/EL. The term “English learner” is still used in federal regulations and guidance. This category includes:

- *EB/EL with Parental Denial.* Students identified as emergent bilingual (EB) students/English learners (ELs) whose parents have denied all bilingual and ESL program services.
- *Never EB/EL.* Students who have never been identified as EB students/ELs (non-EB/non-EL students).
- *Total EB/EL (Current).* Students currently identified as EB students/ELs, including those served in a standard or alternative bilingual or ESL program as well as those with a parental denial of services.
- *Monitored & Former EB/EL.* Students who were once identified as EB students/ELs but have reclassified as English proficient, including students within their four years of state and federal monitoring and those beyond monitoring years.

STAAR Participation (2023–24)

This Texas Academic Performance Report (TAPR) provides the State Assessment participation rate as used in State Accountability. This participation rate includes students who are considered participants

2023–24 Texas Academic Performance Report (TAPR) Glossary

for state reporting purposes but are excluded from the federal participation rate. The report details the participation rate by All Tests, Reading, Mathematics, Science, Social Studies, and Accelerated Testers and which assessments and students are included or excluded from accountability.

Assessment Participants

- STAAR Assessments:
 - Includes STAAR and STAAR Alternate 2 assessments with a score code of "S."
- STAAR Alternate 2 Assessments:
 - Includes assessments with a score code of "N."
- STAAR Reading Language Arts (RLA) Assessments:
 - Includes STAAR and STAAR Alternate 2 assessments with a score code of "A" or "O," provided a TELPAS or TELPAS Alternate assessment has a score code of "S."
- STAAR Mathematics Assessments:
 - Includes assessments with a score code of "A" or "O," provided a TELPAS or TELPAS Alternate assessment has a score code of "S" for year 1 asylees/ refugees or students with interrupted formal education (SIFEs).
- Accelerated Testers:
 - This includes Evidence-Based Reading and Writing (EBRW) SAT, English Language Arts (ELA) ACT, ACT science, and mathematics SAT and ACT results for students who complete a STAAR End-of-Course (EOC) assessment at the Approaches Grade Level or above in Algebra I, English II, and/or Biology before grade 9.

Included in Accountability:

- This represents the state assessment participation rate used in state accountability measures.
- Includes all of the participants listed above, except for students classified as "Mobile" or under "Other Exclusions."

Not Included in Accountability:

- **Mobile:** Refers to the percentage of assessments excluded from the "Included in Accountability" rate because the students enrolled in the district or campus after the Texas Student Data System (TSDS) Public Education Information Management System (PEIMS) fall snapshot date.
- **Other Exclusions:** Refers to the percentage of assessments excluded from the "Included in Accountability" rate for the following reasons:
 - STAAR Assessments (STAAR and STAAR Alternate 2) with score codes "A" or "O" that do NOT have a corresponding TELPAS or TELPAS Alternate assessment with a score code of "S."
 - STAAR Alternate 2 assessments with a score code of "N."
 - Answer documents of students who are an Emergent Bilingual/English learner (EB/EL) who has been in school in the U.S. for one year.
 - Other exclusions specified in the 2024 Accountability Manual — [Appendix G](#).

Not Tested

- Assessments that are not considered in the participation rate include:
 - Absent: Assessments with a score code of "A."
 - Other: Assessments with a score code of "O."
 - Accelerated Testers: Accelerated testers who did not take an SAT/ACT assessment.

2023–24 Texas Academic Performance Report (TAPR) Glossary

The denominator for participation is the sum of these five categories: Included in Accountability, Mobile, Other Exclusions, and Not Tested (Absent and Other). *STAAR Participation Rate* is rounded to a whole number. For example, 94.49% is rounded to 94%. Small values may show as zero: 0.4% is rounded to 0%, and 0.6% is rounded to 1%.

Attendance, Graduation, and Dropout Rates (2023–24)

Attendance Rate: The percentage of days that students were present based on student attendance for the entire school year. Only students in grades 1–12 are included in the calculation.

Attendance is calculated as follows:

$$\frac{\text{total number of days that students in grades 1–12 were present during the 2022–23 school year}}{\text{total number of days that students in grades 1–12 were in membership during the 2022–23 school year}}$$

(Data source: PEIMS 42400)

Chronic Absenteeism: The unduplicated number of K–12 students enrolled for at least 10 days and absent for 10 percent or more days. Chronic Absenteeism is calculated as follows:

$$\frac{\text{total number of K–12 students enrolled for at least 10 days and absent for 10 percent or more days during the 2022–23 school year}}{\text{total number of K–12 students enrolled for at least 10 days during the 2022–23 school year}}$$

(Data source: PEIMS 42400)

Annual Dropout Rate: The percentage of students who drop out of school during a school year. Annual dropout rates are shown for districts and campuses that serve grades 7–8 and/or 9–12. State law prohibits including a student who meets any of the following criteria from campus and district annual dropout rate calculations:

- Is ordered by a court to attend a high school equivalency certificate program but has not earned a high school equivalency certificate
- Was previously reported to the state as a dropout (previous dropout exclusions do not apply to completion measure calculations for AEA campuses)
- Was in attendance but not in membership for purposes of average daily attendance (i.e., students for whom school districts are not receiving state Foundation School Program [FSP] funds)
- Was initially enrolled in a school in the United States in any grade 7 through 12 as an unschooled refugee or asylee as defined by [TEC §39.027\(a-1\)](#)
- Attends a district exclusively as a function of having been detained at a county detention facility and is not otherwise a student of the district in which the facility is located or is being provided

2023–24 Texas Academic Performance Report (TAPR) Glossary

services by an open-enrollment charter school exclusively as the result of having been detained at the facility

- Is incarcerated in a state jail or federal penitentiary as an adult or as a person certified to stand trial as an adult
- Is a student who has suffered a condition, injury, or illness that requires substantial medical care and leaves the student unable to attend school and assigned to a medical or residential treatment facility
- Is a student in a Texas Juvenile Justice Department facility or residential treatment facility served by a Texas public school district
- Is at least 18 years of age as of September 1 and has satisfied the credit requirements for high school graduation; has not completed his or her individualized education program (IEP); and is enrolled and receiving IEP services
- Is a student who (a) is at least 18 years of age and under 26 years of age; (b) has not been previously reported as a dropout; and (c) has not been enrolled in school during the previous nine months before enrolling in a high school equivalency program, a dropout recovery school, or an adult education program provided under a high school diploma and industry certification charter school program (previous dropout/previous dropout exclusions do not apply to completion measure calculations for AEA campuses)

Annual Dropout Rate (Gr 7–8). This includes only grades 7 and 8. It is calculated as follows:

$$\frac{\text{number of dropouts in grades 7 and 8 during the 2022–23 school year}}{\text{number of students in grades 7 and 8 in attendance at any time during the 2022–23 school year}}$$

Annual Dropout Rate (Gr 9–12). This includes grades 9 through 12. It is calculated as follows:

$$\frac{\text{number of dropouts in grades 9–12 during the 2022–23 school year}}{\text{number of students in grades 9–12 in attendance at any time during the 2022–23 school year}}$$

Both annual dropout rates appear on campus, district, region, and state TAPRs. The state and region annual dropout rates that are reported on district and campus TAPRs, however, are calculated without the exclusions required for campus and district calculations.

Note that with all annual dropout rate calculations, a cumulative count of students is used in the denominator. This method for calculating the dropout rate neutralizes the effect of mobility by including in the denominator every student ever reported in attendance at the district or campus throughout the school year, regardless of length of enrollment. For a more complete description of dropout rates and exclusions, see the [Secondary School Completion and Dropouts in Texas Public Schools, 2022-23](#) reports, available on the TEA website at [Completion, Graduation, and Dropout | Texas Education Agency](#).

For detailed information on data sources, see Appendix H in the [2024 Accountability Manual](#). (Data source: PEIMS 40203, 40110, 42400, and 42500)

2023–24 Texas Academic Performance Report (TAPR) Glossary

Longitudinal Rates: The status of a group (cohort) of students after four years in high school (*4-Year Longitudinal Rate*), after five years in high school (*5-Year Extended Longitudinal Rate*), or after six years in high school (*6-Year Extended Longitudinal Rate*).

For the *4-Year Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2019–20. They are followed through their expected graduation with the Class of 2023.

For the *5-Year Extended Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2018–19. They are followed for five years and included if they graduated within a year after their expected graduation with the Class of 2022.

For the *6-Year Extended Longitudinal Rate*, the cohort consists of students who first attended ninth grade in 2017–18. They are followed for six years and included if they graduated within two years after their expected graduation with the Class of 2021.

Additional Information on Cohorts:

A student transfers into a campus, district, or state cohort when he or she moves into the cohort from another high school in Texas, from another district in Texas, or from out of state.

A student transfers out of a campus or district cohort when he or she moves to another public high school in Texas or moves to another district in Texas. Note that these students are transferred into the cohort of the high school or district to which they moved. There are also students who move out of state or out of the country and students who transfer to private schools or who are home-schooled. These types of transfer students cannot be tracked and are not included in longitudinal rate calculations.

A student does not change cohorts if he or she repeats or skips a grade. A student who begins with the 2019–20 ninth-grade cohort remains with that cohort. A student who started the ninth grade in 2019–20 but takes 5 years to graduate (i.e., graduates in May 2024) is still part of the 2023 cohort; he or she is not switched to the 2024 cohort. This student would be considered a continuing student and counted as part of the Continued HS number for the Class of 2023. This is also true for the five-year and six-year extended longitudinal cohorts.

There are four student outcomes used in computing each longitudinal rate:

4-Year Longitudinal Rate

- (1) *Graduated:* The percentage who received their high school diploma in four years or fewer by August 31, 2023 for the 2023 cohort.

number of students from the cohort who received a high school diploma by

- (2) *Received TxCHSE:* For the 2023 cohort, the percentage who received a Texas high school equivalency certificate by August 31, 2023. It is calculated as follows:

number of students from the cohort who received a TxCHSE by August 31, 2023

2023–24 Texas Academic Performance Report (TAPR) Glossary

- (3) *Continued High School*: The percentage of the 2023 cohort still enrolled as students in the fall after his or her anticipated graduation. It is calculated as follows:

number of students from the cohort who were enrolled in the fall of the 2023–24 school year

number of students in the 2023 cohort*

- (4) *Dropped Out*: The percentage of the 2023 cohort who dropped out and did not return by the fall of the 2023–24 school year. It is calculated as follows:

number of students from the cohort who dropped out before fall of the 2023–24 school year

number of students in the 2023 cohort*

- (5) *Graduates & TxCHSE*: The percentage of graduates and TxCHSE recipients in the 2023 cohort. It is calculated as follows:

number of students from the 2023 cohort who received a high school diploma by August 31, 2023 plus number of students from the cohort who received a TxCHSE by August 31, 2023

number of students in the 2023 cohort*

- (6) *Graduates, TxCHSE & Continuers*: The percentage of graduates, TxCHSE recipients, and continuers in the 2022 cohort. It is calculated as follows:

number of students from the cohort who received a high school diploma by August 31, 2023 plus number of students from the cohort who received a TxCHSE by August 31, 2023 plus number of students from the cohort who were enrolled in the fall of the 2023–24 school year

The graduation rate calculation is modified to credit AEA campuses for graduates, continuing students (continuers), TxCHSE recipients, and previous dropouts who complete. The completion rate component includes the six-year rates.

- * The cohort in the denominator of the formulas shown above includes those students who graduated, continued in school, received a TxCHSE, or dropped out. It does not include data errors or leavers with the leaver reason codes 03, 16, 24, 60, 66, 78, 81, 82, 83, 85, 86, 87, 88, 89 or 90. See *Annual Dropout Rate* for a list of all the exclusions mandated by state statute for districts and campuses.

The graduation, continuation, TxCHSE recipient, and dropout rates sum to 100% (some totals may not equal exactly 100% due to rounding). Students served through special education who graduate with an individualized education program (IEP) are included as graduates.

Additional Information about Federal Graduation Rates

In addition to the detailed breakdown of the four-, five- and six-year longitudinal rates, the district and campus reports show federal graduation rates for the following:

- (1) *4-Year Federal Graduation Rate*. Cohort of students who first attended ninth grade in 2019–20. They are followed through their expected graduation with the Class of 2023. It is calculated as follows:

number of students from the cohort who received a high school diploma by August 31, 2023

number of students in the 2023 cohort **

- (2) *5-Year Extended Federal Graduation Rate*. Cohort of students who first attended ninth grade in 2018–19. They are followed for five years to see if they graduated within a year after their expected graduation with the Class of 2022. It is calculated as follows:

number of students from the cohort who received a high school diploma by August 31, 2023

number of students in the 2022 cohort**

- (3) *6-Year Extended Federal Graduation Rate*. Cohort of students who first attended ninth grade in 2017–18. They are followed for six years to see if they graduated within two years after their expected graduation with the Class of 2021. It is calculated as follows:

number of students from the cohort who received a high school diploma by August 31, 2023

number of students in the 2021 cohort**

College, Career, or Military* Readiness (CCMR) (2023–24)

Annual graduates demonstrate college, career, or military readiness in any one of the following ways:

College Readiness

- 1) **Texas Success Initiative (TSI) Criteria:** Meet Texas Success Initiative (TSI) Criteria in RLA and Mathematics. A student meeting the TSI college readiness standards in both RLA and mathematics; specifically, meeting the college-ready criteria on the TSIA1 and/or TSIA2 assessment, SAT, ACT, or by successfully completing and earning credit for a college prep course as defined in TEC §28.014 and TEC §51.338, in both RLA and mathematics. The criteria for successful completion of a college prep course should be in alignment between an LEA and the partnering IHE(s). In accordance with TEC §51.338(e), upon successful completion of a college prep course, students earn a TSI exemption from the partnering IHE(s) in that content area. Students should only be reported as successfully completing a course if they have met TSI exemption requirements. The assessment results considered include TSIA1 and/or TSIA2 assessments through October 2023, SAT and ACT results through the July 2023 administration, and course completion data via TSDS PEIMS. See Appendix H for additional information. A student must meet the TSI requirement for both RLA and mathematics but does not necessarily need to meet them on the same assessment. For example, a student may meet the TSI criteria for college readiness in RLA on the SAT and complete and earn credit for a college prep course in mathematics. (*Data source: PEIMS 43415, THECB, College Board, and ACT, Inc.*)
- 2) **Earn Dual Course Credits:** A graduate completing and earning credit for at least three credit hours in ELA or mathematics or at least nine credit hours in any subject. (*Data source: PEIMS 43415*)
- 3) **Meet Criteria on Advanced Placement (AP)/International Baccalaureate (IB) Examination:** A graduate meeting the criterion score on an AP or IB examination in any subject area. Criterion score is 3 or more for AP and 4 or more for IB. (*Data source: College Board or IB*)
- 4) **Earn an Associate Degree:** A graduate earning an associate degree by August 31 immediately following high school graduation. (*Data source: PEIMS 40100*)
- 5) **Earn OnRamps Course Credits:** A graduate completing an OnRamps dual enrollment course and qualifying for at least three hours of university or college credit in any subject area. (*Data source: OnRamps program*)
- 6) **Graduates under an Advanced Diploma Plan and Identified as a current Special Education Student:** A graduate who is identified as receiving special education services during the year of graduation and whose graduation plan type is identified as a Recommended High School

The sunseting IBC limit applied within the Student Achievement and School Progress, Part B: Relative Performance domains is not applied within Closing the Gaps. (*Data source: PEIMS 40100*)
- 8) **Graduate with Completed IEP and Workforce Readiness:** A graduate receiving a graduation type code of 04, 05, 54, or 55 which indicates the student has completed his/her IEP and has either demonstrated self-employment with self-help skills to maintain employment or has demonstrated mastery of specific employability and self-help skills that do not require public school services. (*Data source: PEIMS 40203*)

Other Postsecondary Indicators (2023–24)

Advanced/Dual-Credit Course Completion (Grades 9–12): The percentage of students who completed and received credit for at least one advanced or dual-credit course. Decisions about awarding high school credit for college courses are described in [Texas Administrative Code §74.25](#).

Appendix A lists all courses identified as advanced courses. Courses for which a student can earn dual credit are not listed because they vary from campus to campus.

Course completion information is reported by districts through the PEIMS after the close of the school year. For example, the values, expressed as percentages for grades 9–12, are calculated as follows: (Data source: PEIMS 43415)

Any Subject.

$$\frac{\text{number of students in grades 9–12 in 2022-23 who received credit for at least one advanced/dual-credit course}}{\text{number of students in grades 9–12 in 2022-23 who took the ACT}}$$

Student Information (2023–24)

Please note, the Enrollment section of this report was added beginning with 2019–20. The definitions below describe the nuances between Membership and Enrollment. If comparing the data shown from this year’s report to reports prior to 2019–2020, use the data displayed under Membership.

Enrollment: Students reported as enrolled as of the last Friday in October.

Membership: Membership differs from enrollment, as it does not include those students who are served for less than two hours per day. A student is in membership if he/she is enrolled and is either

- scheduled to attend at least two hours of instruction each school day or
- participating in an alternative attendance accounting program.

For example, the count of *Total Students* excludes students who attend a non-public school but receive some services, such as speech therapy—for less than two hours per day—from their local school district.

Total Students: The total number of public school students who were reported at any grade from early childhood education through grade 12. (*Data source: PEIMS 40110*)

Students by Grade: The count of students in each grade divided by the total number of students. (*Data source: PEIMS 40110*)

Ethnic Distribution: The number and percentage of students who are identified as belonging to one of the following groups: African American, Hispanic, white, American Indian, Asian, Pacific Islander, and two or more races. (*Data source: PEIMS 40100, 30040, 30050, 30090*)

Male/Female: The number and percentage of students who are identified as male or female. (*Data source: PEIMS 40100*)

Economically Disadvantaged: The count and percentage of students eligible for free or reduced-price lunch or eligible for other public assistance.

Section 504 Students: The count and percentage of students identified as receiving section 504 services. *(Data source: PEIMS 40110)*

Emergent bilingual students/English learner (EB/EL) : The count and percentage of students whose primary language is other than English and who are in the process of acquiring English. The terms “English Learner” (EL) and “Emergent Bilingual” (EB) are used interchangeably.

The percentage of EB/ELs is calculated by dividing the number of EB/ELs by the total number of students in the district or campus. Not all students identified as EB/ELs receive bilingual or English as a second language instruction. *(Data source: TELPAS file)*

Students with Disciplinary Placements: The count and percentage of students placed in alternative education programs under [Chapter 37 of the Texas Education Code](#) (Discipline; Law and Order). Districts report the disciplinary actions taken toward students who are removed from the classroom for at least one day. Although students can have multiple removals throughout the year, this measure counts students only once and includes only those whose removal results in a placement in a disciplinary alternative education program or juvenile justice alternative education program. It is calculated as follows:

$$\frac{\text{number of students with one or more disciplinary placements}}{\text{number of students who were in attendance at any time during the school year}}$$

For 2023–24, the following 19 disciplinary action codes are included as disciplinary placements: 02, 03, 04, 07, 08, 10, 12, 13, 14, 15, 51, 52, 53, 54, 55, 57, 59, 60, and 61. *(Data source: PEIMS 44425)*

Students with Dyslexia: The count and percentage of students identified with Dyslexia. *(Data source: PEIMS 40100)*

Foster Care: The count and percentage of students identified as in the conservatorship of the Department of Family and Protective Services (DFPS). *(Data source: PEIMS 40100)*

Homeless: The count and percentage of students meeting the criteria defined by 42 U.S.C. Section 11434(a), the term “homeless children and youths” —

(A) individuals who lack a fixed, regular, and adequate nighttime residence [within the meaning of section 11302(a)(1)]; and

(B) includes —

(i) children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters;

(ii) children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings [within the meaning of section 11302(a)(2) (C)];

(iii) children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

2023–24 Texas Academic Performance Report (TAPR) Glossary

(iv) migratory children (as such term is defined in section 6399 of title 20) who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in clauses (i) through (iii).

(Data source: PEIMS 40100)

Immigrant: The count and percentage of students identified under the definition found under Title III of the No Child Left Behind Act of 2001 (NCLB), where the term ‘immigrant children and youth’ is defined as, “individuals who are aged 3 through 21; were not born in any state; and have not been attending one or more schools in any one or more states for more than 3 full academic years.” The term ‘State’ means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.

(Data source: PEIMS 40100)

Migrant: The count and percentage of students that meet the following criteria: Student is (ages 3-21), or the student's parent, spouse, or guardian is a migratory agricultural worker, including a migratory dairy worker, or a migratory fisher, and who, in the preceding 36 months, in order to obtain, or accompany such parent, spouse, or guardian in order to obtain, temporary or seasonal employment in agricultural or fishing work: 1) has moved from one school district to another; or 2) resides in a school district of more than 15,000 square miles, and migrates a distance of 20 miles or more to a temporary residence to engage in a fishing activity. *(Data source: PEIMS 40100)*

Title I: The count and percentage of students participating in a program authorized under Elementary and Secondary Education Act (ESEA), Title I, Part A of the Improving America's Schools Act. *(Data source: PEIMS 41461)*

Mobility: The count and percentage of students who have been in membership for less than 83 percent of the school year (i.e., missed six or more weeks).

number of mobile students in 2022–23

**number of students who were in membership at any time during the
2022–23 school year**

This rate is calculated at the state, region, district, and campus level and is disaggregated by race/ethnicity, economically disadvantaged status, special education status, and emergent bilingual students/English learner status. The mobility rates shown are based on the count of mobile students identified at the campus level. The district mobility rate reflects school-to-school mobility within the

2023–24 Texas Academic Performance Report (TAPR) Glossary

same district or from outside the district. The region mobility rate reflects school-to-school mobility within the same region or from outside the region. *(Data source: PEIMS 42400)*

Attrition Rate: The percentage of students enrolled in fall 2022-23 who did not return to the same campus in the fall of 2023-24. This calculation is adjusted to account for the grade levels available to students at each campus as well as additional factors. For instance, students were excluded from the calculation if the campus in which they were enrolled in 2022-23 did not offer the next grade they were expected to move into in 2023-24 or if they were at a campus in 2022-23 that was no longer active in 2023-24. Students who were retained in grade, including those in Grade 12, remained in the calculation.

Some campuses may not receive an attrition rate because all of their students are excluded from the attrition denominator due to their subsequent grade level not being offered at that campus in 2023-24. Examples of such campuses are campuses that serve single grade levels or campuses that changed the grades offered in 2023-24. Attrition Rate is calculated as follows:

$$\frac{\text{number of students enrolled in fall 2022} - \text{number of students who returned in fall 2023}}{\text{number of students enrolled in fall 2022}}$$

Aggregations of campus denominators and numerators are created for district, region and state levels, and rates for each of those levels are calculated from these sums.

Retention Rates by Grade: The percentage of students in Texas public schools who enrolled in fall 2023 in the same grade in which they were reported for the last six-week period of the prior school year (2022–23).

$$\frac{\text{number of students enrolled in the same grade from one school year to the next}}{\text{number of students enrolled from one school year who return the next year or who graduate}}$$

Special education retention rates are calculated and reported separately because local retention practices differ for students served by special education.

The TAPR and TPRS show retention rates only for grades K–9. Retention rates for all grades can be found in [Grade-Level Retention in Texas Public Schools, 2022-23](#) available from TEA. *(Data source: PEIMS 40110)*

Data Quality (not on campus profile): The percentage of errors made by the district in the PEIMS Student Leaver Data.

Percent of Underreported Students. Underreported students are 7th–12th graders who were enrolled at any time during the prior year, who are not accounted for through district records or TEA processing in the current year, and for whom the district did not submit a leaver record. A district is required to submit a leaver record for any student served in grades 7–12 the previous year unless the student received a Texas high school equivalency certificate (TxCHSE) certificate by August 31, is a previous Texas public school graduate, moved to and enrolled in another Texas

Class Size Averages by Grade and Subject: The average class size by grade (elementary) or selected subjects (secondary classes).

For secondary classes, averages are determined by totaling the number of students served (in a subject at the campus) and dividing that sum by the count of classes for that subject.

For elementary classes, the average is determined based on the instructional model. If an elementary teacher teaches all subjects to the same group of fourth graders all day, the class size average is simply the number of fourth grade students served by that teacher. If an elementary teacher teaches a single subject to five different sections of fourth graders each day, however, the average is calculated the same way as for secondary subjects. For example, one fourth grade science teacher teaches five science classes each day with 18, 20, 19, 21, and 22 students in each class. The total of 100 students divided by the five classes produces an average class size of 20 students for that teacher.

The following rules apply to the average class sizes:

- Classes identified as serving regular, compensatory/remedial, gifted and talented, career and technical, and honors students are included in the calculation.
- English language arts (ELA), mathematics, science, social studies, languages other than English, computer science, and career and technical education are included in the calculation, as are self-contained classrooms.
- Classes where the number of students served is reported as zero are not included.
- Service codes with the “SR” prefix are not included.
- Teacher roles coded as “teacher” and/or “substitute teacher” are included.
- Only class settings coded as “regular class” are included.
- Missing partial FTE counts are not included.
- Elementary classes in which the number of students exceeds 100 are not included.
- Mixed grade-level class averages are not included.

Staff Information (2023–24)

Total Staff: The total count of staff which includes professional staff (teachers, professional support, administrators), educational aides, and (on the district profile) auxiliary staff. *(Data source: PEIMS 30040, 30050, and 30090)*

2023–24 Texas Academic Performance Report (TAPR) Glossary

Professional Staff: The full-time equivalent (FTE) count of teachers, professional support staff, campus administrators, and on the district profile, central office administrators. Staff are grouped according to roles as reported in PEIMS. Each type of professional staff is shown as a percentage of the total staff FTE. See Appendix B for all PEIMS Role IDs. *(Data source: PEIMS 30040, 30050, and 30090)*

Educational Aides: The count and percentage of paraprofessional staff who are reported with a role of 033 (Educational Aide) or 036 (Certified Interpreter). The FTE counts of educational aides are expressed as a percentage of the total staff FTEs. See Appendix B for all PEIMS Role IDs. *(Data source: PEIMS 30090)*

Auxiliary Staff (not on campus profile): The count of full-time equivalent (FTE) staff reported in PEIMS employment and payroll records who are not reported in the PEIMS 30090 Staff – Responsibilities record. The auxiliary staff (and educational aide who performs routine classroom tasks under the general supervision of a certified teacher or teaching team) are expressed as a percentage of total staff. For auxiliary staff, the FTE is the value of the percentage of day worked. *(Data source: PEIMS 30060 and 30090)*

Librarians and Counselors (Headcount): The headcount of librarians and counselors is based on full-time equivalent (FTE) for full-time and part-time headcounts. Librarians and counselors are considered part-time when the FTE count is less than or equal to .85 (For example, if an FTE count is less than or equal to .85, the part-time headcount is equal to 1).

Librarians and counselors are headcounts, not sums of FTEs. The district headcount is not a sum of the campus headcount. For example, a counselor spends 50 percent of their time at the elementary (0.50 FTE) and 50 percent of their time at the high school (0.50 FTE). On each of the campus reports, this counselor will be reflected as 1.0 part-time counselor. On the district report, the counselor will be reflected as 1.0 full-time counselor since the FTE count is greater than .85 (0.50 FTE plus 0.50 FTE=1.0 FTE). See Appendix B for PEIMS Role IDs (Professional Support Staff). *(Data source: PEIMS 30040, 30050, and 30090)*

Total Minority Staff: The total count of minority staff is the sum of the FTE counts for all non-white staff groups (African American, Hispanic, American Indian, Asian, Pacific Islander, and Two or More Races). The minority staff FTE count is expressed as a percentage of the total staff FTE. *(Data source: PEIMS 30040, 30050, and 30090)*

Teachers by Ethnicity and Sex: The counts of teacher FTEs by ethnic group and by sex. Counts are also expressed as a percentage of the total teacher FTEs. *(Data source: PEIMS 30040, 30050, and 30090)*

Teachers by Highest Degree Held: The distribution of degrees held by teachers. The FTE counts of teachers with no degree, a bachelor's degree, a master's degree, or a doctorate are expressed as a percentage of the total teacher FTEs. *(Data source: PEIMS 30040, 30050, and 30090)*

Teachers by Years of Experience: The FTE count of teachers by total years of experience for the individual, not necessarily years of experience in the district or campus. Teacher counts within each range of experience are expressed as a percentage of total teacher FTEs. Teachers are reported with zero years of experience (first year teachers), 1–5 years, 6–10 years, 11–20 years, 21–30 years, and over 30 years. *(Data source: PEIMS 30040, 30050, and 30090)*

2023–24 Texas Academic Performance Report (TAPR) Glossary

Number of Students per Teacher: The total number of students divided by the total teacher FTE count. *(Data source: PEIMS 30040, 30050, and 30090)*

Experience of Campus Leadership: The average years of experience for principals and assistant principals.

Average Years as Principal: The number of completed years of experience as a principal, regardless of district or interruption in service. These amounts are added together and divided by the number of all principals reported for the campus.

Average Years as Principal with District: The number of years a principal is employed in the district regardless of any interruption in service. The amounts are added together and divided by the number of principals reported for the district.

Average Years as Assistant Principal: The number of completed years of experience as assistant principal, regardless of district or interruption of service. The amounts are added together and divided by the number of assistant principals reported for the campus.

Average Years as Assistant Principal with District: The number of years employed as assistant principal in the district regardless of any interruption in service. These amounts are added together and divided by the number of assistant principals reported for the district.

(Data source: PEIMS 30050)

Average Years Experience of Teachers: The average number of completed years of professional experience, regardless of district. Weighted averages are calculated by multiplying each teacher's FTE coefficient (1 for a full-time teacher, .75 for a three-quarter-time teacher, and .5 for a half-time teacher, for example) by his or her years of experience. These amounts are added together and divided by the sum of all teachers' FTE coefficients. *(Data source: PEIMS 30040, 30050, and 30090)*

Average Years Experience of Teachers with District: The average number of years employed in the district regardless of any interruption in service. Weighted averages are calculated by multiplying each teacher's FTE coefficient by his or her years of experience in the district. These amounts are added together and divided by the sum of all teacher's coefficients. *(Data source: PEIMS 30050)*

Average Teacher Salary by Years of Experience (regular duties only): Total pay for all teachers in each category divided by the total teacher FTE count in that category. For the purpose of this calculation, the total actual salary amount is pay for regular duties only and does not include supplemental pay. For teachers who also have non-teaching roles, only the portion of time and pay dedicated to classroom responsibilities is factored into the average teacher salary calculation. Teachers are reported with zero years of experience (first year teacher), 1–5 years, 6–10 years, 11–20 years, 21–30 years, and over 30 years. *(Data source: PEIMS 30060)*

Average Actual Salaries (regular duties only): For each category, the total salary for that category divided by the total FTE count for that category. Only payment for regular duties is included in the total salary; supplemental payments for extra duties (e.g., coaching, band and orchestra assignments, club sponsorships) are not included. See Appendix B for lists of the PEIMS role IDs included in each category.

Teachers. Teachers, special duty teachers, and substitute teachers. Substitute teachers are either temporarily hired to replace a teacher or hired permanently on an as-needed basis. The District

2023–24 Texas Academic Performance Report (TAPR) Glossary

Teacher Salary Report and Graph also uses this definition in creating counts for various salary ranges.

Professional Support. Therapists, nurses, librarians, counselors, and other campus professional personnel.

Campus Administration (School Leadership). Principals, assistant principals, and other administrators reported with a specific school ID.

Central Administration (not on campus profile). Superintendents, presidents, chief executive officers, chief administrative officers, business managers, athletic directors, and other administrators reported with a central office ID and not a specific school ID.

Instructional Staff Percent (*district profile only*): The percentage of the district's FTEs whose job function was to provide classroom instruction directly to students during the 2022–23 school year. The instructional staff percent is a district-level measure and is calculated as follows:

$$\frac{\text{total number of hours for district staff who were reported under expenditure object codes 6112, 6119, and 6129, and function codes 11, 12, 13, and 31}}{\text{total number of hours worked by all district employees}}$$

Contact the Division of Financial Compliance at (512) 463-9095 for further details about this measure. (*Data source: PEIMS 30040, 30050, and 30090*)

Turnover Rate for Teachers (*not on campus profile*): The percentage of teachers from the fall of 2022–23 who were not employed in the district in the fall of 2023–24. It is calculated as the total FTE count of teachers from the fall of 2022–23 who were not employed in the district in the fall of 2023–24, divided by the total teacher FTE count for the fall of 2022–23. Staff who remained employed in the district but not as teachers also count toward teacher turnover. (*Data source: PEIMS 30040 and 30090*)

Staff Exclusions (*not on campus profile*): The counts of individuals who serve public school students but are not included in the FTE totals for any of the other employee statistics. There are two types of these entries: individuals participating in a shared services arrangement and individuals on contract with the district to provide instructional services.

Shared Services Arrangement (SSA) Staff are staff who work in schools located in districts other than their employing district or whose assigned organization (in PEIMS) shows a code of 751, indicating that they are employed by the fiscal agent of an SSA. Only the portion of a person's total FTE amount associated with the school in another district (or with the 751 organization code) is counted as SSA. SSA staff are grouped into three categories: Professional Staff (which includes teachers, administrators, and professional support); Educational Aides; and Auxiliary Staff. Note that SSA Auxiliary Staff are identified by the type of fund from which they are paid.

Contracted Instructional Staff (District and Campus Profiles) refers to counts of instructors for whom the district has entered into a contractual agreement with some outside organization. Through the contract, the outside organization has committed to supplying instructional staff for the district. They are never employees of the reporting school district. (*Data source: PEIMS 30055 and 30060*)

2023–24 Texas Academic Performance Report (TAPR) Glossary

Contracted Instructional Staff: The count of individuals who are not regular classroom teachers who have signed a contract with a district, nor are they shared services arrangement employees. Rather, these are instructors for whom the district has entered into a contractual agreement with an outside organization. Through the contract, the outside organization has committed to supplying instructional staff for the district. They include, but are not limited to, speech therapists, occupational therapists, and any other professional contracted staff working in a classroom on a dedicated basis. *(Data source: PEIMS 30055)*

Teacher Incentive Allotment (TIA): The headcount of teachers who received incentive allotment per House Bill 3 and TEC Sec. 48.112 and average TIA payout by categories of Recognized, Exemplary and Master for the 2023-24 school year. *(Data source: Division of District Talent Systems)*

Teachers by Program (population served): The FTE count of teachers categorized by the type of student populations served: regular, special, compensatory, bilingual/ESL, gifted and talented education students, and other populations. Teacher FTE values are allocated across population types for teachers who serve multiple population types. Percentages are expressed as a percentage of total teacher FTEs. *(Data source: PEIMS 30040, 30050, and 30090)*
